Picture

Comb Filter

Leading the innovation curve, Philips Magnavox introduces unique R-Y, B-Y Bimos circuitry that offers above-average picture performance and superb clarity.

Video DNR (Dynamic Noise Reduction)

Break the "grainy" picture syndrome with Video DNR. Enjoy much smoother picture texture, especially in weak signal areas.

SmartPicture™

Instantly optimize brightness, contrast, color, tint, and sharpness settings to enhance enjoyment of video games, sports, movies, or weak signals.

32" Dark Glass Picture Tube

Our black matrix tube offers more viewing area, a 35% transmission dark glass faceplate, and specially-tinted phosphors for the best picture in its class.

Black Stretch

Special circuitry enhances the darker portions of the picture for added realism and overall picture quality.

3-Position Color Temperature

Customize picture to your personal flesh-tone preference with cool, normal, and warm color temperature settings.

Remote Control

Universal TV/VCR/Cable Remote

Controls all features of this monitor/receiver with direct menu access, plus activates exclusive SmartSound Plus™, Surf™, SmartPicture™, clock options. In addition, this remote controls all important operating features of virtually all VCRs, and on/off and channel ▲ ▼ on most cable converters. (Remote #RCU82C)

Convenience

Surf™

Simplify channel surfing by storing up to eight favorite stations in the Surf™ memory and then surfing only those channels at the touch of a button.

SmartLock™

Protect young children from harmful programming with V-chip technology based on the Motion Picture Association of America (MPAA) and the network television rating systems.

SmartMute™

Automatically activates closed-captioning when the MUTE button is pressed.

Onscreen Clock with Daily Alarm

Correct digital onscreen time display at your fingertips. The Alarm Timer automatically turns the TV on every day to a preselected channel at a preset time.

Sleep Timer

Activate this feature and the TV automatically turns off at a preset time of up to 240 minutes, programmed in 15-minute and 1-hour increments.

Bilingual Onscreen Display

Auto Programming

Onscreen Volume Bar

Sound

Incredible Surround™

An exciting psycho-acoustic method of widening the stereo spatial image for full-impact home entertainment.

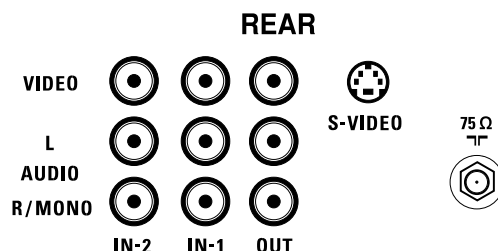

SmartSound™

When activated, SmartSound™ keeps volume levels constant between programs and commercials, and from one channel to another. SmartSound™ constantly monitors the audio signal, reducing a signal that's too loud and increasing a signal that's too weak.

dbx® Hi-Fi Stereo Sound System

Tone Controls

Audio/Video Jack Panel
